BULB PLANTING IN THE PARISH

The Parish Council has recently received a grant from the Community Support Fund for the purchase of flowering bulbs to be planted around the Parish. If you have any suggestions of locations for planting, and/or would like to volunteer to plant the bulbs in September/October, please contact the Clerk by post, e-mail or telephone as soon as possible. A decision concerning the planting schedule will be made in September.

DOG OWNERS – A PLEA....

Once again the subject of dog fouling has become an issue in the Parish. **PLEASE dog owners, do not let your dog foul footpaths or other areas in the Parish – there are plenty of dog bins around and it is an offence to let your dog foul, as well as being unpleasant to your neighbours!**

BELMONT TERRACE GARDEN

As you will see from the address above, the Clerk is leaving Belmont Terrace in the near future. During the past five or six years, the Clerk has looked after the Belmont Terrace Garden area – a plot of land which belongs to the Parish Council and is for the use of all residents. A new gardener is needed for this area and the Parish Council wonder if any resident would like to take on this task in order that our village can continue looking neat and tidy.

The grass cutting takes approximately 2 hours per cut and the border can take as little or as long as you want it to take. It requires weeding and keeping tidy and if you wish to plant any more flowers it is possible that funds can be found by the Parish Council to purchase them. The Parish Council own a lawn mower (electric), strimmer and extension cable which would be made available to whoever takes on this task. However, in order to be able to use them, the gardener really needs to live on Belmont Terrace!! If you live elsewhere in the village and wish to help the Parish in this way, please do not hesitate to contact the Clerk on the above number for further information.
